

# CAPACITY BUILDING results in nepal

Biodiversity Research  
and Development Center  
Kathmandu, Nepal

This short questionnaire asks you about the results of the capacity building workshops you held. Please try to respond to all the questions.

|   |   |
|---|---|
| Involvement of target groups  |   |
| How many people have participated to at least 80% of the workshop activities/lessons?<br>A common workshop for both the groups was conducted in Kailali and Dolpa districts so the content of the presentation and workshop materials was same. About 25 people out of 44 participants in Kailali and about 18 people out of 25 participants in Dolpa attended at least 80% of the workshop activities/lessons  |   |
| GROUP 1   | GROUP 2   |
| People/SMEs that will pro-actively participate in tours, packages and excursions (guides, drivers, ecc)   | = other suppliers/small- and micro businesses that sell products and services (artisans, cooks, hosting sector) |
| <i>Tour operators and hotels, trekking agencies- 13</i>   | Product and service enterprise and organisations – 16   |
| <i>Tradition and cultural groups- 6</i>   |   |
| Number of participants: 23  | Number of participants: 18  |
| The other 28 participants were social workers, media people, government employees and people from other tourism related sector like Nepal Scout, Municipality and Village Development Committees.   |   |
| Content of the training   |   |
| Training GROUP 1  | Training GROUP 2  |
| The workshop presentation was more or less in line with the hand book (attached here with) distributed to the participants. The topics covered during the workshop were as follows:   | Please describe shortly the topics that have been taught.   |
| <ul style="list-style-type: none"> <li>➤ The mission and objective of the project</li> <li>➤ General definition on responsible tourism</li> <li>➤ Responsible tourism and sustainable tourism</li> <li>➤ Typologies of Responsible tourism</li> <li>➤ Responsible tourism in the Bridge-it perspective</li> <li>➤ From local resource to tourist resources</li> <li>➤ From tourist resource to a tourist product</li> <li>➤ A responsible tourist product</li> <li>➤ ABC for local to Tour Operators</li> <li>➤ Local territory potentiality in tourism</li> <li>➤ Method of itinerary development, filling day schedule</li> </ul> |   |
| Do you feel the trainees have learnt as much as   | Do you feel the trainees have learnt as much as   |

|   |                                   |
|---|-----------------------------------|
| you wanted? (if not, explain why)   | you wanted? (if not, explain why) |
| Yes, because based on this training the participants had developed 3 different itineraries keeping in mind the features of responsible tourism. |                                   |
